JDHS COURSE REQUEST TIMETABLE

Juneau-Douglas High School will begin the process of requesting courses for the 2010-2011 School year. Students will have the opportunity to review the Course Booklet and create their 2010-2011 requests online with the assistance of JDHS counselors and teachers. These course selections are for forecasting purposes and changes may have to be made to accommodate the master schedule. However, students must look toward completing course requests with the intention of completing the classes as requested with minimal changes depending on necessary credits required for graduation.
